ADMINISTRATION

TO RICE NINETEEN THIRTY-FOUR

Almost every year I have had the privilege of offering a few good wishes to the freshmen from the desk of the Physics Amphitheatre and as many to the seniors on a page in the Campanile. For you in the autumn of 1930 I expressed the hope that here you would become at home in the university and learn to find your way about in the universe. Today I hope that from the opportunities this place has afforded you for the exercise of your faculties you have gained distinction in qualities of mind and heart such as these: imagination; magnanimity; tenacity of purpose; courage; generosity to ideas, individuals, and institutions; pity wherever pity is needed; and judgment.

It is an array of very human activities that I have ascribed to you. There is nothing new in the array, for its several elements are hardy virtues as old as the spirit of man. Nor are they in any way peculiar to you, for in some degree they are exemplified among all conditions of men. In the sequence as written there is little of logic, and not much consistency. But consistency and logic alone make hardly half a man. The point is that these half dozen human qualities are essential alike to integrity of character and to intellectual integrity. And if I had to arrange them in order of their relative importance and had to pick out the best of the seven for you, I should choose the first and the last: namely, imagination and judgment; while if you were sitting in judgment on me, I should very much like to imagine that you might find some place in your estimate for at least one of the three: pity, generosity, courage.

Faithfully yours

Decorations were breath-taking until everyone realized that they belonged to the Terrace, just done over . . . McCann, McCants, and Weiser and their wives were guests of honor . . . Party was in marked contrast to usual parties sponsored by same group . . . No charges for broken furniture . . . RALLY CLUB

Purpose: to create and maintain school spirit at Rice (some task) . . . Many campus celebrities in personnel . . . Handled ushering and sale of programs at athletic events . . . Financed yell-leaders in pep-rally expenses . . . Annual break-training dance honoring football team, was a rousing success . . . The Club, like the literary societies, entertained with several nice, quiet little dances at Kotelchovsky's Dancing School . . . Active in intramural athletic activities . . . Beat the band football team for the third consecutive year to win the Eagle Trophy (donated by Congressman Joe Eagle) . . . Now it's the Rally Club's for keeps . . . Held a formal dinner this year at the Rice Hotel . . . Dean, Registrar, and Bursar attended . . . Has done much to awaken a somewhat inanimate student body.

SPORTS

FOOTBALL

Jack Meagher, coach—Quiet, sincere . . . a worthy exponent of America's greatest sport . . . A recognized authority on the intricacies and finesse of team play . . . His players were devoted to him.

Captain Fred Lauterbach, tackle—A fine tackle and a great leader . . . A man who always carried the fight regardless of odds . . . His post will be hard to fill.

Joe Lagow, guard—Small, short, immovable . . . A tough little man who could "take" a lot and still be able to "dish it out" . . . Will be back to the wars next season.

Bob Schulze, guard—A man noted for his ability on goal line defense . . . Great competitive spirit . . . "Nose" his football and the guard position . . . This was his last year.

Henry Clore, quarterback—A flashy and heady field general . . . Hampered by injuries that jinxed his final year . . . An expert at the blocking assignments his position called for.

Curley Kellogg, quarterback—The coolest little man under fire that ever wore Rice moleskins . . . A real judge of opponents' weak points and quick to take advantage of them . . . Final season.

Quinn Connelly, halfback—A big veteran ball carrier . . . Hampered by knees that "unjointed" but snapped back . . . Made many scintillating runs . . . A senior.

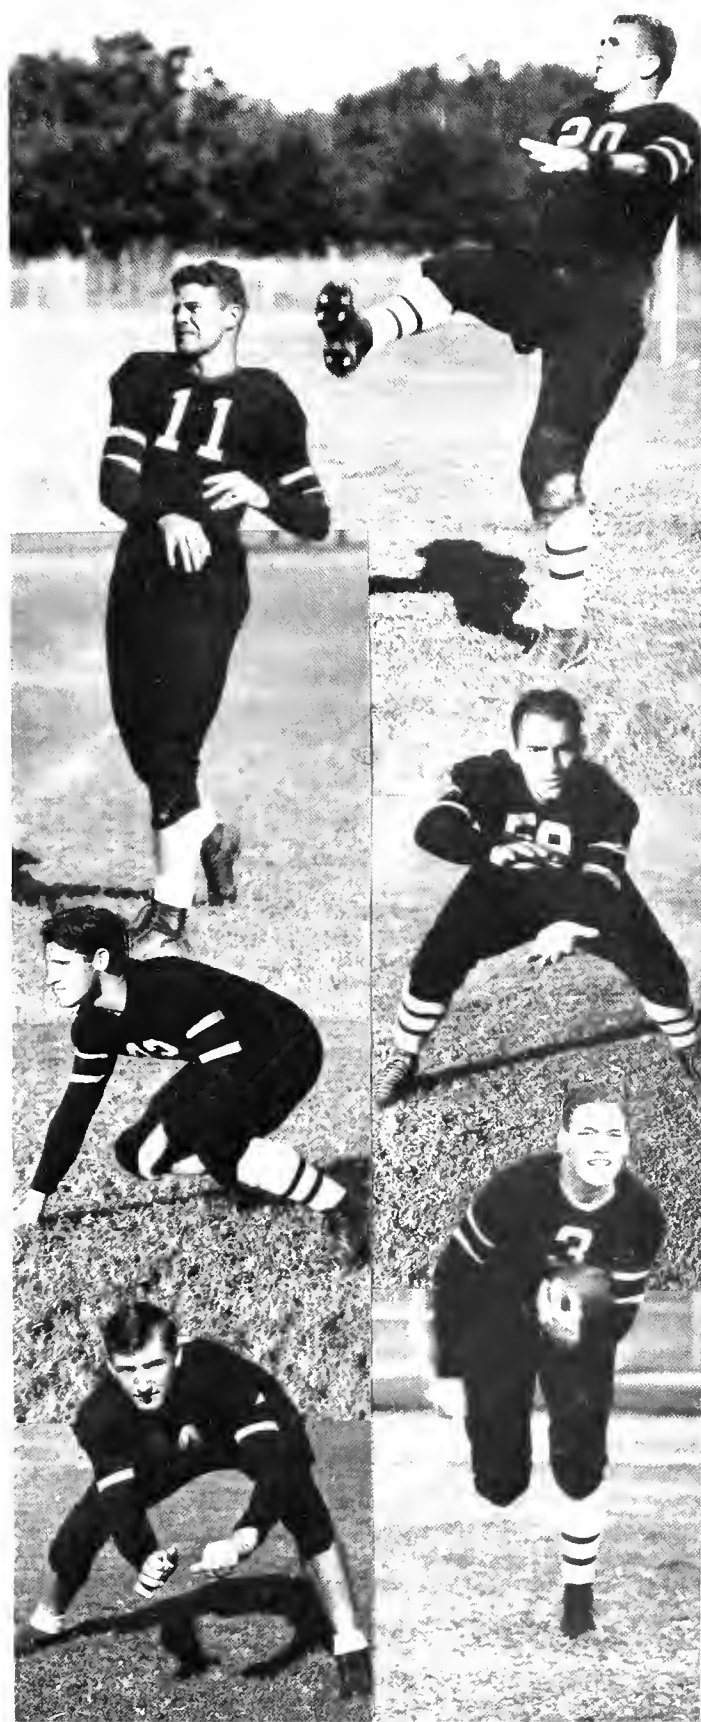

Bert Mueller, halfback—Erratic yet brilliant . . . A long punter and accurate passer . . . Not the performer of sophomore days, but still a man capable of breaking away for a score . . . Last year.

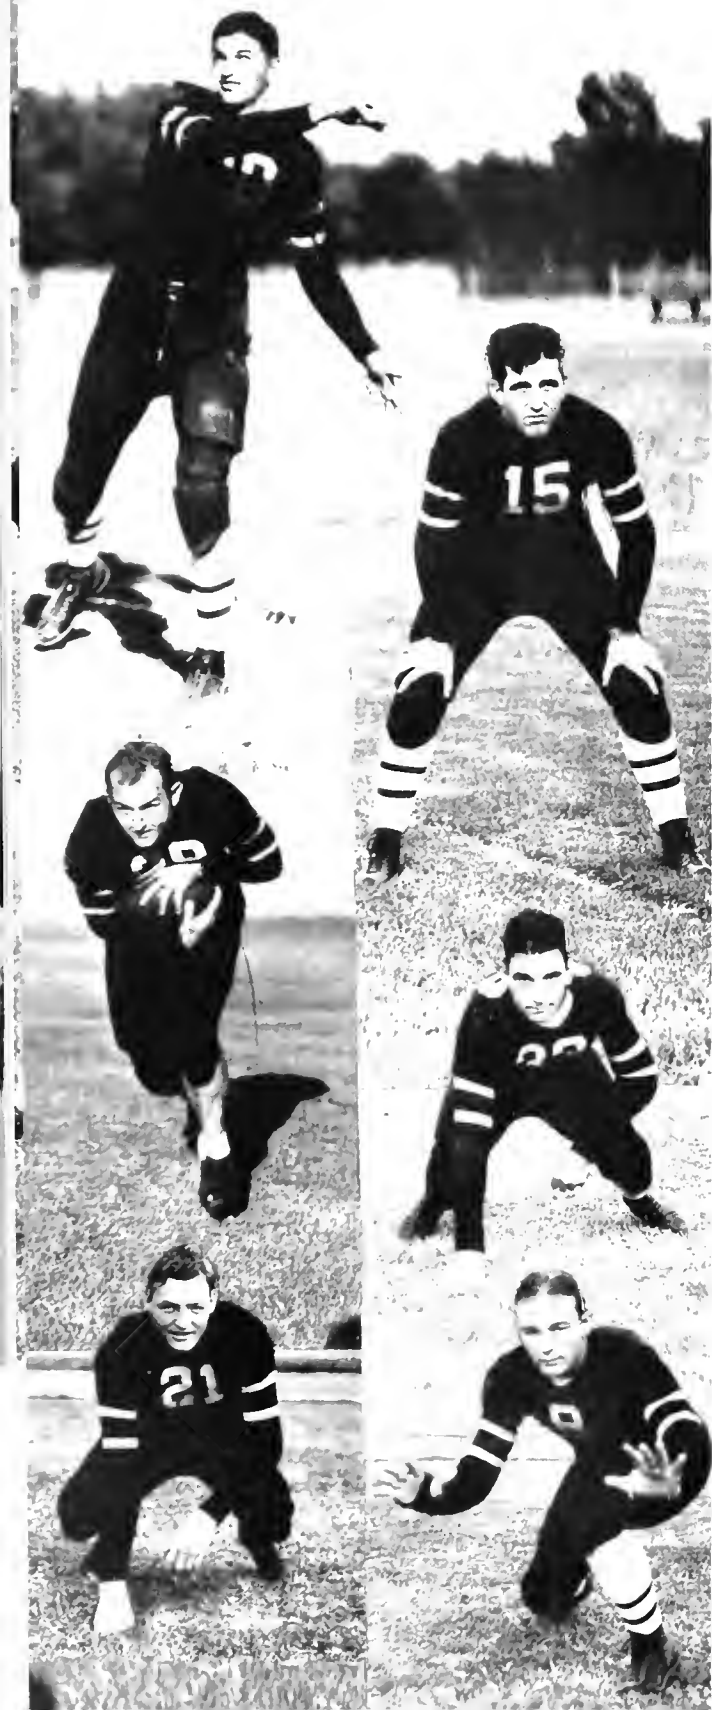

Carmen Brandon, quarterback—Freshman guard, sophomore quarterback . . . A change hard to make but nicely done . . . Shows promise of real development and achievement.

Byron Williams, end—Sophomore with increasing ability . . . Confidence with each succeeding game . . . A star in the season's final against Baylor.

Harry Witt, halfback—Big . . . A great competitor . . . Potentially Rice's best halfback . . . Hampered by injuries . . . Always good for precious "battering ram" yards . . . A man to watch next season.

Rayburn Maes, tackle—Quiet, efficient . . . Never ruffled . . . Main cause of "body contacts" that the top rows of stands could hear . . . A regular tackle his first year . . . All-Conference next season.

Harry Fouke, halfback — “Light Horse” Harry — sensational, knife-like in his thrusts down the field . . . A “crowd pleaser” that could fake a pass and then run as far as he would have thrown it . . . A brilliant halfback who will do great things next year.

Percy Arthur, center — Captain elect . . . An astute center and defensive bulwark . . . A man whose belief in his own ability and whose inspirational play argues well for next year.

“Flash” Atkins, fullback — Big man with the “get-away” of a sprinter . . . Experience should make him the star his ability promises . . . Another converted lineman who seemed to profit by the change to the back-field.

“Doc” Metzler, fullback — Elusive and speedy . . . Carried the brunt of the gallant bid against Baylor . . . An athlete of all-around ability . . . Participates in three major sports . . . A star in each . . . Junior.

“Red” Haley, end — A big, fast end, lacking only experience and the blocking ability it brings . . . A sophomore of much promise.

“Leche” Sylvester, end — The Phi Beta Kappa of the football squad . . . A steady wingman with all the physical requisites of a football player and the cleverness to use them to advantage . . . First year.

Dick Lauterback, center—A big rangy athlete from San Antonio . . . Ideal for job of roving center . . . Has a whole-hearted love of the game and a desire to play it well . . . Won't be back.

Fay Lagon, guard—All-conference . . . A power on defense and an exceptionally good blocker . . . His interference running was sensational . . . Fast, aggressive, and reckless . . . Leaves a vacancy that will be hard to fill.

James McCullough, tackle—Shifted from back-field position . . . Developed into a capable reserve tackle . . . Added defensive strength when the going got tough . . . Steady, dependable . . . His last year.

Melvin Barnes, end—A Junior College transfer . . . Showed up well under the stiffer competition . . . A hard tackler . . . Should be invaluable in his two remaining years.

Elmo Hutzler, half—Little but speedy . . . Made many long breath-taking runs . . . Starred against Loyola and Santa Clara . . . A man to be watched next year.

"Flabby" Garrett, tackle—Also a Junior College transfer . . . Big and tough . . . Held his own effectively . . . His withdrawal from school was a blow to next year's team.

Norman Letts, fullback—The prize transfer . . . Could run, kick, and back the line like a veteran . . . A terrific tackler . . . watch him go next year.

Harold Mickelson, guard—Also all-conference . . . Voted most valuable player by his teammates . . . Played consistently for four years . . . Center of the line will miss him next year.

Jim Byrd, end—Shifted from tackle . . . Made transition creditably . . . A good pass receiver . . . With a little more speed, he should be outstanding next year.

Charley Mohr, guard—Fought through four years of strenuous competition to win his letter . . . By fine blocking and a great competitive spirit, he deservedly realized his ambition.

John Polisky, assistant line coach—An All-American from Notre Dame . . . A good teacher of defensive and offensive tactics down in the muck of the line.

Lou Hertenberger, line coach—A great guard in his college days . . . Teaches by illustration . . . Well liked by every member of the squad.

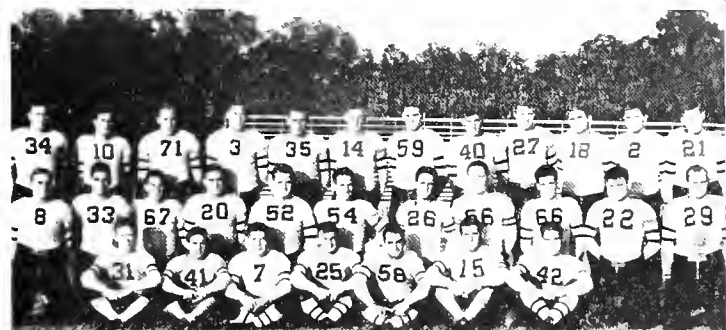

FOOTBALL SEASON

Rice versus T.S.A.I. . . . Season opener . . . Played in Houston September 23 . . . Owls won by 7-0 count . . . More than a tune-up game . . . Played on muddy field . . . A day for power . . . Nicholson, Witt, and Letts furnished it . . . Game rather slow . . . Rice looked unimpressive even in victory . . . Fumbled once on Javelina's 2 yard line . . . RICE AND HOUSTON

The Chamber of Commerce has always been interested in the promotion of a closer relationship between The Rice Institute and the business men of Houston. Our Athletic Committee has sponsored several activities in the interest of a more intensive support of Rice's athletic program and the organization as a whole stands ready to be helpful in every possible way.

HOUSTON CHAMBER OF COMMERCE

For many a year Rice Institute and the Warwick have been neighbors and friends, both ever ready to lend a helping hand to the other. We of the Warwick keenly regret the passing of each Senior Class, yet with almost equal keenness do we anticipate the coming of a new flock of friends. It is our sincerest neighborly wish that we may have added a bit of gaiety or convenience to *your* college life.

Education does not stop at a college degree in fact it really begins

A college education is worth "its weight in gold" in preparing one for the "Education of Experience."

These things we would impress as being the *real* education of the Future; interest in and knowledge of your fellow man; an active part in civic affairs; a practice of ethics in your chosen field that does credit to your profession or business; to keep "posted" on all things worthwhile; to keep busy and keep trying even when things look hopeless.

All this merely means that we do not live alone and that success is not necessarily the acquisition of wealth.

Take care of the Man You're Going to be!

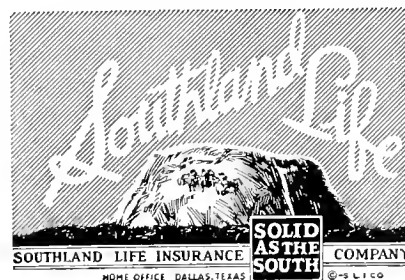

You're on the threshold of a man's estate figuratively speaking . . . make it literal!

Act now to build your own estate, to guarantee an income for the man you're going to be 10, 20, 30 years from now. You can do it with a Life Insurance endowment policy, or an annuity. Let us tell you how. No obligation, of course.

EXAMINATION QUESTIONS

1. What should be a College man's first investment?
2. How can a College man create an immediate estate of \$10,000 by paying only $1\frac{1}{2}\%$ annual interest?
3. Name an investment that can be bought on the instalment plan and mature for its full value whether the buyer lives or dies?
4. What type of investment best meets the following tests:
(a) Safety? (b) Liquidity? (c) Guaranteed market value? (d) Regularity of deposits? (e) Fair return?
5. What investment requires health and character ahead of money?
6. What investment has been worth 100 cents on the dollar all through the depression?

The UNION CENTRAL LIFE INSURANCE COMPANY of Cincinnati, Ohio, has given a good answer to these questions for nearly three quarters of a century. Tested by wars, epidemics, and panics, it has fulfilled every obligation promptly, paying out over six hundred million dollars to its policyholders and their beneficiaries.

You are invited to visit us and discuss life insurance as an investment, or life insurance as a career. The UNION CENTRAL is glad to pay its respects to W. H. Winn, leading representative of the Houston Office and a graduate of The Rice Institute, class of 1923.
